## TWELVE MEET DEATH

Dozen Other Persons Injured  
in a Wreck in Iowa.

### TRAIN JUMPED THE TRACK

Collided With a Freight Train at Norris, Ia.—Horror of the Scene Intensified by a Horde of Ghoulish Plunderers.

Waterloo, Ia., Sept. 7.—Twelve people were killed and twelve others were injured in the wreck of an express train on the Rock Island railroad at Norris, Ia., Friday. The train, which was northbound, jumped the track while going at full speed and collided with a freight train standing on a siding. The dead are:

P. B. Oliver, Will Goodman and John N. Watson, all of Waterloo; C. L. Landphere, Shell Rock, Ia.; W. Ray Johnson, Dilke, Ia.; B. R. Christy, Minneapolis; Lepovan Toja, Hammond, Ind.; laborer, name unknown, Hammond, Ind.; — Beeman, address unknown; three unidentified men.

The injured are: W. H. Meyers, baggageman, Burlington; J. A. Newell, Illinois Central conductor, Waterloo; John Shaw, Waterloo; Dr. C. J. O'Keefe, Marble Rock, Ia.; J. H. Douglass, Waterloo; Thomas Evenson, Mora, Minn.; O. H. Martin, mail clerk, West Liberty, Ia.; Edward St. Pierre, Minneapolis; Trocin Crispen, St. Paul; H. McMahon, fireman, Albert Mason, engineer; A. L. Welliver, fireman; F. Kinch, engineer, all of Cedar Rapids, Ia.

One of the unidentified dead is a young man about twenty years old in whose pocket was found a ticket bearing the words, "Lakeland street, Chicago."

The only person in the smoker to escape injury was the news dealer, who was thrown through the broken roof of the car and landed at the side of the track unhurt. The engineer and firemen on the express train stuck to their posts and were thrown away from the wreckage.

Most of the men on the train were in the smoker and the work of rescue devolved largely upon the women passengers. A trained nurse on the train dressed the wounds of the injured.

The injured were brought to Waterloo and placed in the Presbyterian hospital.

All the Victims in the Smoking Car.

All of the killed and injured were in the smoking car, which was immediately behind the baggage and mail cars. The smoking car was completely demolished, there being not one piece of wood left large enough to make a top for an ordinary kitchen table. The dead and injured were strewn about among the wreckage.

The horror of the scene was intensified by the swarming around of a horde of ghoulish plunderers, who robbed alike the dead and injured, in spite of the fact that it was 10:30 o'clock in the morning and broad daylight. Some of them pretended to be offering assistance to the sufferers, and under this pretense succeeded in robbing bodies undetected.

The northbound express was ten minutes late at Norris siding, which is a small station three miles north of Cedar Falls, Ia., and there a southbound freight train was awaiting the express, which came thundering along at a terrific speed in an effort to make up time. Just as the engine of the express was about to pass the freight engine the trucks of the express jumped the track and the engine crashed with terrific force into the engine of the freight, wrecking both engines and telescoping the baggage and mail cars and demolishing the smoking car, in which a number of men were riding.

It was among the occupants of this

car that the only injuries and fatalities occurred. The passengers in the two day coaches following the smoker escaped with only a violent shaking up.

Rescuers were immediately at hand to care for the injured and to take the dead from among the wreckage. Great excitement raged about the scene, which was one to make the stoutest-hearted man shudder. Sitting in the midst of the wreckage was Dr. Charles J. O'Keefe, who, although badly injured, little realized how seriously he was hurt. With heroic fortitude while suffering intense pain he waved the rescuers aside and directed them to go to the assistance of those whom he thought were in a more serious condition than himself, for in front of him and behind him and on all sides were men writhing and groaning in the agony of their suffering.

Physicians and hospital attendants were hastily brought to Norris on a special train made up in this city and pending their arrival such medical relief as the little station afforded was given the injured.

Harvester Trust Fined \$35,000.

Austin, Tex., Sept. 7.—The International Harvester company of Wisconsin has pleaded guilty to a violation of the Texas anti-trust laws and paid a fine of \$35,000 assessed by the court. The company also agreed that a perpetual injunction be entered forbidding it to operate in Texas.

Get \$1,400 at Donaldson, Minn.

Crookston, Minn., Sept. 7.—Robbers blew the safe in the bank at Donaldson, fifty miles north of here, and made their escape with \$1,400. People living in the vicinity of the bank heard four distinct explosions, but did not dare go out to try to seize the men.

### RUSTLERS TO BE TRIED.

United States Marshal Bullock Obtained Evidence Against Them.

Deadwood, S. D., Sept. 7.—With Judge John E. Carland of Sioux Falls on the bench, the United States district court is in session here. While no important cases are on the docket, the session promises to last nearly two weeks and to be memorable, for more than 400 witnesses and others connected with the term are here and more are on the way. It is the official opening of the handsome new federal building in this city.

The grand jury on its first sitting of a few minutes returned five true bills, all against Indians. Shorty Thigh, William Fine Eyes and Stone Arrow are indicted for introducing liquor upon the Rosebud reservation and more than fifty Indians are here to testify in the cases. Peter Soldier is accused of stealing a suit of clothes from another Indian on the same reservation, while Rean Horse is indicted for alleged horse stealing. Several other indictments, especially in a number of cattle rustling cases which United States Marshal Bullock has been tracing, are expected some time this week. Five alleged rustlers, all having pleaded not guilty, will be tried at once.

### SPIRITUALIST CHALLENGED

Attorneys in Vanderbilt Case Ask Her to Read Unopened Letter.

New York, Sept. 7.—Mrs. May S. Pepper-Vanderbilt, leader of spiritualists, appeared as a witness again Friday in the lunacy proceedings brought against her husband, Edward W. Vanderbilt, by his daughter, Minerva Vanderbilt. Mrs. Vanderbilt had previously testified that under the control of a spirit, "Bright Eyes," she was able to read unopened letters and learn secrets unknown to the lay mind.

Friday Mrs. Vanderbilt was challenged by counsel for Miss Vanderbilt to read unopened a sealed letter which he handed her. Counsel for Mrs. Vanderbilt protested against the question, but Commissioner Ketcham held that it was material, for if Mrs. Vanderbilt could read the letter through the aid of the unseen "Bright Eyes" it would clear up all the questions in the case. The letter was handed to the witness.

"I cannot read," said Mrs. Vanderbilt. "I am not under the control of Bright Eyes now."

### Wisconsin Man Killed.

Fox Lake, Wis., Sept. 7.—An excursion train returning from Portage Friday evening killed Anton Kosmicki four miles west of here. He had been to town after coal and was struck at the crossing. Both his horses also were killed. He had a wife and thirteen children. His remains were picked up and brought home on the same train.

### LIFE SENTENCE COMMUTED

Wisconsin Woman Who Served Sixteen Years for Murder Is Freed.

Madison, Wis., Sept. 7.—With every possible indication that she was not guilty of the crime of murder, for which she has already served sixteen years of a life sentence, Wilhelmina Bache was released from Waupun prison Friday. Her life sentence for the murder of Michael Sell of Shawano county was commuted by Governor Davidson. She went to the penitentiary when she was seventeen years old.

## Suit Correctness

There are times when it may be profitable to have you suits made to your directions but not while we show the superb styles that we do. They are tailored by the very best tailors, they possess every new style feature, they are made of the pretty novelties cloths so much in vogue this season and are sold at a much lower price than you can have them made. Suits made in this manner are correct in every detail and are extremely economical.

## COMPLAINT EXPECTED

State Department Believes It Will Receive One.

### SITUATION RATHER PUZZLING

Expulsion of Sikhs From Bellingham, Wash., Presents Difficult Problem to United States Government. Old Precedent May Be Followed.

Washington, Sept. 7.—While no information of an official character has reached the state department concerning the summary expulsion of Sikhs from Bellingham, Wash., it is confidently expected that if the facts were as reported in the press, Ambassador Bryce soon will be heard from. The British government takes pride in protecting the lives and property of its subjects, so it is expected that as soon as the British consular officer who is reported to be looking into the matter has completed his investigation and communicated with the summer home of the British embassy at Intervale, N. H., formal complaint will be lodged with the state department.

The state department is always embarrassed in dealing with incidents of this character owing to the fact that the national government has no authority to enter a state even to protect foreigners' treaty rights. All that the state department can do in such a case is to follow the well-worn precedent established in Wyoming, Louisiana and California, where foreigners have been mobbed or killed.

### May Transmit the Complaint.

That is, the department in the name of the president may address the governor of Washington transmitting perhaps the complaint of the British embassy. If there should be one, and requesting him to take steps to prevent a recurrence of the trouble. Such appeals have generally been effective, notwithstanding the radical feeling which always adds to the difficulty of the officials.

Probably in the end claims for damages sustained by the individual Hindus will be preferred. If the aggrieved individuals care to do so they may bring civil actions against the municipal authorities at Bellingham in the local courts, just as the Japanese restaurant and bathhouse keepers have done in San Francisco, and undoubtedly the state department would very much prefer that this course be followed. If, however, it should be found impossible to secure justice at the hands of the local judiciary, then, as was done in the case of the murderous attacks upon the Italians in New Orleans some years ago, the executive will recommend to congress that indemnities be paid to the victims.

The British government, for its part, is likely to find itself embarrassed in dealing with the Bellingham incident because of the ever present danger of similar attacks upon the East Indians, who are numerous in British Columbia, at the hands of British colonists.

### Copper Company's Plant Damaged.

Montgomery, Ala., Sept. 7.—The large plant of the Alabama Copper company caught fire early this morning. The entire fire department was summoned. At 2 o'clock the fire was under control with the loss estimated at \$75,000.

**TO THE PUBLIC**

A long, cold winter is close at hand and a short-  
age of fuel is predicted by the railroad company.  
We have been hustling all summer to get in shape to  
supply the large demand which is sure to be made  
upon us as soon as the cold weather sets in. We  
have been able to secure about 2000 cords of wood  
which, together with what we can still get, will no  
doubt help out with the wood question.  
Regarding the coal problem---We are now in  
a position to take care of all orders both large and  
small, that we may be favored with. Our first order  
for 15 cars has just commenced to arrive and we  
shall have others coming just as fast as we can un-  
load them. As all our coal is weighed on the city  
scales by the city weigh-master you need have no  
fear of getting short weight.  
Thanking you one and all for past favors and  
hoping for a continuance of the same, we remain,

### INJUNCTION SUIT IS DISMISSED

By Stipulation of Attorneys in the Case the Suit Against City is Dismissed

WITHOUT COST TO EITHER SIDE

Judge Held Warrants of Previous Years Should Not be Considered

The injunction suit brought by Con O'Brien to restrain the city from purchasing the steam road roller has been dismissed by Judge W. A. Fleming, attorney for Mr. O'Brien and the case is now a thing of the past. Mr. Fleming held that the \$40,000 or thereabouts of outstanding floating indebtedness contracted in previous years should be taken into consideration in construing the law prohibiting the spending more than the levy of taxes, but Judge McClenahan ruled to the contrary, holding that the council in any year had a right to appropriate the full amount of that year's taxes, regardless of the outstanding debt at the commencement of the fiscal year. In the face of this decision there was but one thing to do, to dismiss the case and that was done by Judge Fleming.

### SEWER DISTRICT IS ESTABLISHED

Sewer District in the Fourth Ward to be Known as Sewer District No. 3

### INJUNCTION CASE IS DISMISSED

Mahlum Bridge Question Settled—Lumber to be Used in Foot Bridge

The city council last evening at a special or adjourned meeting took up the matter of a sewer in the Fourth ward and an ordinance was passed under suspension of the rules establishing a district to be known as sewer district No. 3, to be constituted of the territory in Sleeper's addition, the second addition to the townsite of Brainerd and Parker's addition. The matter of ordering a sewer was laid over until next meeting that the proper ordinance or resolution might be drawn up. It was also tacitly agreed that the general sewer would be extended about 600 feet up the ravine.

When the council was called to order Aldermen Zakariassen, Turcotte, Fogelstrom, Drexler and President Johnson were present. Aldermen Farrar and Bouck came in during the reading of the minutes.

The report of the clerk of the municipal court was presented, showing fines collected to the amount of \$189.50, with court fees of \$68.15 taken in during the month. There were 30 arrests made during the month, seven in state cases and 23 in city cases. The report of the chief of police covering practically the same facts and the report of the poundmaster were presented and approved also, as was the financial report of the city clerk. This showed outstanding indebtedness on August 1st of \$44,637.30 with cash on hand of \$18,924.19, while on September 1st the outstanding indebtedness was \$44,269, with cash on hand of \$14,904.67.

The pay rolls were allowed for the month of August as follows:

City officers.....	\$ 263 33
Police.....	410 00
Fire department.....	149 00
Firemen.....	31 25
Streets and bridges.....	427 00
Electric light department.....	533 00

City Attorney Polk reported that the injunction case brought by Con O'Brien against the city in the steam roller matter had been dismissed by the plaintiff without cost to either party.

The electric light committee reported that there would \$2500 of insurance on the electric light plant expire this month. On motion they were given power to act in the matter.

The committee on streets, sidewalks and bridges reported that they had done some necessary work in the way of temporary repairs, but had had only a crew of three or four men at work. Alderman Fogelstrom, who at last meeting had requested an appropriation to erect a footbridge out of the lumber in the Mahlum bridge, at an estimated cost of \$450 announced that if the city would give the lumber those interested would raise funds by popular subscription to erect the bridge without expense to the city. On motion the street committee was authorized to use the lumber from the bridge for the erection of a foot bridge at the same site.

The report of the city engineer on the Third district sewer was in the hands of the committee, but because of some changes recommended by them, was not presented.

The police committee made a verbal report recommending a reduction in the police force. Considerable discussion was indulged in concerning the matter, Mayor Wise stating that the city had fewer police than any town of its size, stating that Staples had seven. He added, however, that five of the seven were paid by the railroad company, being employed in guarding the yards. Aldermen Farrar, Fogelstrom and Drexler spoke in favor of cutting down the force. Mayor Wise thought it unwise to do so until after the hobo season was past. Thought there might be a murder and city would be blamed. One of the alderman did not think an additional policeman could prevent a man from being murdered. After discussion it was suggested that the police committee and the mayor take the matter up together and the question was dropped.

Alderman Farrar wanted to know why the street sweeper was not used. Alderman Fogelstrom said it took all the fine stuff off the streets and spoiled them. Alderman Farrar retorted that it had not been fairly tried and Alderman Fogelstrom admitted that it had been used but once this year. Alderman Farrar insisted that it should be used and used right. No action was taken in the matter.

The city clerk was instructed to request Leon E. Lum to remove the ruins and combustible rubbish from the site of the recently burned Rhodes building on Laurel street.

The question of the safety of the standing front wall of the Sleeper building was brought up by Alderman Fogelstrom, who thought it should be ordered taken down. Alderman Farrar

stated that the wall had been inspected by the building inspector assisted by White Bros., C. B. Rowley and other contractors and it had been pronounced safe.

The matter of the redecking of the Kindred street bridge was again brought up and the matter was referred to the street committee with power to act.

The condition of the Baker bridge, of South Seventh street, which was damaged by the recent storm was brought up. An alderman suggested that Alderman Baker was the most interested of anyone in the bridge and if he wanted it fixed he should be at the meeting. No action was taken and the meeting then adjourned.

### What Do They Cure?

The above question is often asked concerning Dr. Rea's two leading medicines, "Golden Medical Discovery" and "Favorite Prescription."

The answer is that "Golden Medical Discovery" is a most potent alternative or blood-purifier, and tonic or invigorator and acts especially favorably in a curative way upon all the mucous lining surfaces, as of the nasal passages, throat, bronchial tubes, stomach, bowels and bladder, curing a large per cent. of catarrhal cases whether the disease affects the nasal passages, the throat, larynx, bronchia, stomach (as catarrhal dyspepsia), bowels (as mucous colitis), bladder, uterus or other pelvic organs. Even in the chronic or ulcerative stages of these affections it is often successful in affecting cures.

The "Favorite Prescription" is advised for the cure of one class of diseases—those peculiar weaknesses, originating in and depending upon the nervous system. It is a powerful yet gently acting invigorating tonic and nerve. For weak worn-out, over-worked women—no matter what has caused the break-down, "Favorite Prescription" will be found most effective in building up the strength, regulating the womanly functions, subduing pain and bringing about a healthy, vigorous condition of the whole system.

A book of particulars wraps each bottle giving the formula of both medicines and quoting what scores of eminent medical authors, whose works are consulted by physicians of all the schools of practice as guides in prescribing, say of each ingredient entering into these medicines. The words of praise bestowed on the several ingredients entering into Doctor Pierce's medicines by such writers should have more weight than any amount of non-professional testimonials, because such men are writing for the guidance of their medical brethren and know whereof they speak.

Both medicines are non-alcoholic, non-secret, and contain no harmful habit-forming drugs, being composed of glyceric extracts of the roots of native American medicinal forest plants. They are both sold by dealers in medicine. You can't afford to accept as a substitute for one of these medicines of known composition, any secret nostrum.

Dr. Pierce's Pills, small, sugar-coated, easy to take, are a cathartic and invigorator of stomach, liver and bowels.

### Proceedings in Bankruptcy

In the District Court of the United States for the District of Minnesota, Fifth Division.

In the matter of Thomas Farrington Salisbury, Bankrupt, In Bankruptcy. To the Honorable Judge Morris, Judge of the District Court of the United States for the District of Minnesota: Thomas Farrington Salisbury, of Pelican township, in the County of Crow Wing, and State of Minnesota in said district, respectfully represents that on the 25th day of June, 1907, last past, he was duly adjudged bankrupt under the acts of congress relating to bankruptcy; that he has duly surrendered all his property and rights of property, and has fully complied with all the requirements of said acts and of the orders of the court touching his bankruptcy.

Wherefore he prays that he may be decreed by the court to have a full discharge from all debts provable against his estate under said bankruptcy acts, except such debts as are excepted by law from such discharge.

Dated this 17th day of August 1907.

THOMAS HARRINGTON SALISBURY.

Post Office Pequot, Minn.

United States District Court, District of Minnesota, Fifth Division. On the 4th day of September, A. D. 1907, on reading the foregoing petition it is Ordered by the court that a hearing be had upon the same on the 28th day of September, A. D. 1907, before the court, at Duluth, in said district, at ten o'clock in the forenoon; and that notice thereof be published in the Brainerd Dispatch, a newspaper printed in said district, and that all known creditors and other persons in interest may appear at the said time and place and show cause, if any they have, why the prayer of the said petitioner should not be granted.

Witness the Honorable Judge Morris, Judge of the said court, and the seal thereof at Duluth, in said district, on the 4th day of September, A. D. 1907.

### Doesn't That Give You That Like-to-Win Feeling?

Our plan of awarding prizes is very simple. For every dollar that is paid us before Dec. 31st on old business, we will issue votes according to the following table: For example, if you remit us \$10 on account before Dec. 31st you would be entitled to 1,000 votes, and so on up.

During the month of September we will give the following large number of votes:

Table showing number of Votes on each Dollar paid on New Business.	
On amounts of \$1.00 to \$10.00.....	100 votes per dollar
On amounts of \$11.00 to \$25.00.....	200 votes per dollar

On amounts of \$401.00 to \$500.00.....	800 votes per dollar
On All New Cash Business double above number of votes will be given.	

And think how easy it will be to brighten the life of some friend or relative, or to assist some needy, struggling church or school to win one of these Seven Grand Pianos. Remember you can give these votes to any person, church, school or lodge you may wish. Simply send us your remittance and the name of the person you wish to have your votes credited to. Remember that all cash purchases, either by mail or at our store, entitle you to double the above number of votes.

### REMEMBER--There Are 1000 Individual Prizes, and 1000 People Are Going to Win Them

Now we know that there are going to be a lot of "Doubting Thomases" and a lot of people who will be "from Missouri" and who will say: "How can Stone do it? How can he afford to give away \$45,000.00.

#### We Will Tell You How and Why right at the start

Years ago when we started in business we determined on a policy of treating every man exactly alike, whether it be a poor man that purchased his piano on time or the millionaire who paid all cash; we make the same price to both, the only difference being the interest. This policy we shall always continue. Now we know that the people are wonderfully prosperous—more so than they have ever been and we have concluded that at this particular time many purchasers, if offered an incentive, would pay cash who would otherwise buy their pianos or organs

on the time payment plan, and as we do not believe in half-way methods we are making the people a proposition which we believe will make them "sit up and listen"—That's Reason No. 1.

We are and always have been firm believers in advertising and we know that the very magnitude of this proposition, with the advertising we propose to give it, will make the name of STONE'S MUSIC HOUSE known to the remotest corner of four great states, and a name that will not be forgotten for years to come. That's Reason No. 2.

Finally, we know that this contest will increase our cash sales enormously, and will win many new patrons who will become permanent customers. There is absolutely no catch or hidden meaning about this contest. It is as clear and straight as we can make it. We have put our intelligence, our money and the energy of a lifetime in building up a

reputation for integrity and square business dealings—and we now stake that reputation on the honesty of this contest.

The ones who get in at the Beginning of the Contest will naturally stand the best chance of winning one of the big prizes. Give some friend a good start by sending in your remittance promptly. Simply give the name and address of the person to whom you want the votes credited and we will notify them so that they may try and get others.

No person in the employ of this company will be allowed to either solicit or purchase votes, nor compete in any manner for any prize.

IN THE EVENT OF A TIE VOTE FOR ANY PRIZE OFFERED, A PRIZE IDENTICAL IN CHARACTER AND VALUE OF THAT OFFERED WILL BE AWARDED TO EACH OF SUCH PERSONS
